Dear Parents,

Welcome to the Kangaroo Class! We are so excited to have your child join our group of curious and energetic learners. The Kangaroo Class, made up of children aged 18 months to 3 years, is a wonderful time of growth, exploration, and discovery.

Under the warm guidance of our incredible teacher, Monica, and the nurturing support of our teacher assistant, Siobhan, your child will experience a caring, engaging, and developmentally enriching environment. Monica's experience and passion for early childhood education, paired with Siobhan's attention to detail and care, ensures that every child feels supported and valued as they begin this exciting journey.

In the Kangaroo Class, we focus on fostering independence, building confidence, and encouraging social skills in a safe, playful setting. We believe in creating a balanced classroom environment that includes structured activities, free play, and plenty of opportunities for hands-on learning. From arts and crafts to songs, games, and stories, each day brings new opportunities for your child to grow in their social, emotional, and cognitive development.

Our team is here to work alongside you to ensure your child's experience is positive, and we look forward to partnering with you as we help your child take their first steps toward becoming confident learners and explorers. Please feel free to reach out with any questions, concerns, or special considerations regarding your child's needs—open communication is essential in making this a positive and successful year.

We can't wait to embark on this exciting adventure together!

I absolutely love working with children, it is a true blessing to be one of the people teaching them new things everyday and watching them grow into unique individuals with different personalities and abilities.

I am currently studying a Bachelor of Education as well as courses in Early Childhood Development which will assist me in being the educated and experienced teacher I aspire to be, allowing me to benefit your children at school. I look forward to the memories we will make and new milestones we will reach with your kiddies in 2025 !
