Dear Parents,

Welcome to the Tigger Class! We are thrilled to have you and your child as part of our learning community this year.

In the Tigger Class, our focus is on creating a warm, supportive, and engaging environment where children can explore, grow, and develop foundational skills that will serve them throughout their educational journey. Under the guidance of Teacher Maggie, each child will embark on a daily adventure filled with curiosity, creativity, and joy.

Together, we will build meaningful relationships, foster a love for learning, and create lasting memories.

Teacher Maggie is dedicated to nurturing each child's individual potential, helping them build confidence, and encouraging them to discover the world around them. Through activities such as reading stories, singing songs, and engaging in hands-on play, we will lay a strong foundation for both academic and social-emotional development. We are excited to begin this year with you and your child, and we look forward to watching them grow, explore, and thrive in the Tigger Class.

Thank you for trusting us with this important part of your child's journey.

Here's to a year full of discovery and fun!

Maggie Davids

Tigger Class Teacher

(3-4yr olds)

I am a devoted mother, grandmother and a passionate Early Childhood Development practitioner. Music is also a big part of my life as I am an active member of my church choir.

Working with children brings me immense joy, I have been part of the Junior Junction Team since 2024. Witnessing the children's growth and development is truly rewarding, and I am committed to providing a nurturing environment where they feel loved, cared for and supported. My goal is to lay a strong foundation for each child's future, empowering them to thrive and reach their full potential

Extra Murals

At Junior Junction, we partner with four amazing extra mural providers every year to offer a variety of activities for the children. These providers are:

Soccer Starz – A fun and engaging soccer program that focuses on developing coordination and teamwork.

Playball – A dynamic program that introduces children to various sports, promoting physical development and social skills.

Dance Trax – A creative dance program that encourages self-expression through movement and rhythm.

Stimuzone – A program designed to stimulate cognitive development through interactive games and activities that include robotics, coding, computer literacy and perception skills.

We are thrilled to offer these opportunities, as they complement our curriculum and give children a well-rounded experience.

Brochures and pricing available on request.
